

## **SECTION IV – MEMBERSHIP**

### **4.6 Inter-Company Transfer**

Members may transfer between fire companies of the district with approval from the District Fire Chief. An inter-company transfer application shall be completed prior to the actual transfer. The transfer application, when approved shall be considered a formal transfer order and all service time and other benefits provided by the district shall carry forward into the new company. A probation period not to exceed 3 months may be instituted by the new company to enable the transferring member to become familiar with the station and its apparatus. Typical company transfers are for members who move their primary residence and another company station is now closer for response purposes.
